Angels and Devils

Echo

And this is the last time
That I'm ever gonna come here tonight
And this is the last time I will fall
Into a place that fails us all insideWell I can see the pain in you
And I can see the love in you
And fighting all the demons will take time
It will take timeThe angels they burn inside for us
And are we ever, are we ever gonna learn to fly
The devils they burn inside of us
But are we ever gonna come back down, come around
I'm always gonna worry about, the things that couldn't make us coldAnd this is the last time
And that I'm ever gonna give in tonight
And are there angels or devils crawling here?
I just want to know what blurs and what is clear to seeWell I can see the pain in you
And I can see the love in you
And fighting all the demons will take time
It will take timeThe Angels they burn inside for us
And are we ever, are we ever gonna learn to fly
The devils they burn inside of us
And are we ever gonna come back down, come around
I'm always gonna worry about the things that could break usIf I want to give in and give it up and then
I take a breath, make it deep and 'cause it might be the last one you get
Be the last one that couldn't make us cold, you couldn't make us cold
I'm always gonna worry about the things that couldn't make us cold
