

# Under Your...

## Lacrimas Profundere

Your life  
can it be that you  
your times is  
I cant breathe a lie  
I cant believe that we will die  
I cant believe that all is gone  
to pour your tears in our eyes  
it means nothing to you  
every touch  
cannot be for you  
your dead escape is all  
I need times we shared
