

Room To Breathe

Project Wyze

Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breathe Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breathe Ha, ha, ha, ha
Ha, ha, ha, ha
Give me room to breathe
Give me room to breathe Can't handle the pressure
Ha, ha, ha, ha
Can't handle the truth
Ha, ha, ha, ha Can't handle the pressure
Give me room to breathe
Can't handle the truth
Give me room to breathe If I was your last breath left, I would suck it in
If you were claustrophobic, I'd be your last bit of oxygen
If I was a mic, I'd give you feed back believe that
Somebody give me room to breathe, so ease back If I was your number one fan, I'd be the kind that stalks you
If I was a stranger, I'd be the kind you shouldn't talk to
Listen, nobody can match this 'cause I make crowds do back flips
Come on Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breathe Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breathe If I was your last breath, I would hold it in
If I was religion, I'd be the seven deadly sins
If I was a stage, I'd make the crowd flip
I'm the first kid alive that was born inside a mosh pit If I was time, then I would stand still
If I was depressed, I'd be the type that makes a man kill
'Cause I will, y'all drop the anvil you come around showing no skills
Come on Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breathe Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze

Jump, jump, give me room to breatheJump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breatheJump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, jump, freeze
Jump, jump, give me room to breatheGet up, so I got to rock the place
Stand up, so I got to rock the place
Stand up, so I got to rock the place
Stand up, so I got to rock the placeStand up, so I got to rock the place
Stand up, so I got to rock the place
Stand up, so I got to rock the placeJump, jump, jump, freeze
