

Roseability

Idlewild

Rose, ability, there is no roseability
Rose, ability, there is no roseability Youve got off with too much now
Youre getting off with too much now
Stop looking through scrapbooks
And photograph albums Because I know
They dont teach you
What you dont already know
Youve always been dissatisfied Gertrude Stein said, "That's enough"
(I know that thats not enough now)
Gertrude Stein said, "That's enough"
(I know that thats not enough now) Gertrude Stein said, "That's enough"
(I know that thats not enough now)
Gertrude Stein said, "That's enough" Rose, ability, there is no roseability Youve got off with too much now
Youre getting off with too much now
Stop looking through scrapbooks
And photograph albums Because I know
They cant teach you
What you dont already know
Youre always, be dissatisfied Gertrude Stein said "That's enough"
Gertrude Stein said "That's enough"
And Gertrude Stein said, "That's enough"
(I know that thats not enough now) Gertrude Stein said, "That's enough"
(I know that thats not enough now)
Gertrude Stein said, "That's enough"
(I know that thats not enough now) And Gertrude Stein said, "That's enough"
(I know that thats not enough now) Rose, ability, there is no roseability Youve got off with too much now
Youre getting off with too much now
Stop looking through scrapbooks
And photograph albums Because I know
They wont teach you
What you dont already know
Youre always, be dissatisfied
