

# Slumlord

## D.O.A.

the neighbourhood bully is after me waving his finger like a pistol.

flappin' his jaw like adolph hitler.

slumlord - my overlord.

slumlord - i got no choice.

slumlord - your reality and your title fits your deed.

it's all laid out like a prison block. each little peasant with their plot.

slumlord, your title fits your deed.

slumlord - my overlord. slumlord - i got no choice.

slumlord - your reality and your title fits your deed.
