

# Sorrow I Know

Kittie

This feeling is endless  
Hollow voids cannot be filled  
This unrest relentless  
To want and never, ever have I know  
Sorrow I know This longing is ageless  
Underneath the blackened sky  
I still remain nameless  
The night's ablaze and so am I know  
Sorrow I know Beckoning, spiraling  
Do your bidding  
Angels sing [Instrumental Break] Ohh, I know  
Sorrow I know
