# You're The One

## Charli Xcx

Dancing
In the darkness
Think you like luck
Keep the silence
Crystals
On the skyline
Cut the midnight
Ultra violet
You're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage
Now I'm
Dancing in the dark
Flying
Through the black night
You're the angel
In the moonlight
Running
Through the thunder
Undercover
Silver lover
You're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars

You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage
Now I'm
Dancing in the dark
You're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage

Now I'm
Dancing in the dark
You're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage
Now I'm
Dancing in the dark
Yeah I'm dancing in the darkness
Three years before you I was feeling so heartless
But you're bright shined through
Now I'm drinking love potion when I lay next to you
It's a criminal feeling
Happiness cries when the tears are dreaming
My body is screaming
I'm staying right here no I'll never be leaving
