

Firecracker

[Ryan Adams](#)

Black birds, slow and softly
Breaks a glass of wine
Broken bluesy whisper
Sing to me tonight Well, everybody wants to go forever
I just wanna burn up hard and bright
I just wanna be your firecracker
And maybe be your baby tonight
Maybe be your baby tonight, tonight Lady, your kicks of silence
Soft into your loom
Kiss me slow and softly
Make me dream of you Well, everybody wants to go forever
I just wanna burn up hard and bright
I just wanna be your firecracker
And maybe be your baby tonight
Maybe be your baby tonight, tonight So when does the plane go down?
'Cause I'm gonna ride it till it hits the ground
Then go out with a fight
'Cause I just wanna be your baby tonight
