

# Seduction (Prod. By DJ Kahlil)

Eminem

(Like a verbal seduction, when  
Seduction when I tell 'em)  
(Girls on the floor)  
I dunno man, just feels like, well a lot different  
(Girls on the floor)  
(Like a verbal seduction)  
Kinda feels like, I'm on a whole different page right now  
(Girls on the floor)  
Feels strange but um, I guess it's kinda like, it's kinda like I feel like I'm morphin', into something that's so  
incredible, that I'm dwarfin'  
All competitors, better get your girlfriend in check  
It's psychological warfare, and endorphins I effect  
Your self esteem shatters his dialect  
Comes blasting out your deck, she loves me  
So much passion you'd expect this sort reaction from her yet  
Your strong oh, you're fucking corny, you try to turn your charm on  
Cause you just think you're Bishop the don Juan  
But if you think you're fucking with me, homie you're on one  
I'm cockin' my head back like 'Ed Lover, come on son  
She's on my Johnson, she brings my name up constant  
Your boys are like "she's fucking with dude, she wants son"  
Homeboy, you better get a clue  
She's on my dick cause I spit better than you  
What you expect her to do? How you expect her to act in the sack  
When she's closing her eyes, fantasizing of digging her nails in my back to this track  
Seduction, seduce  
Ain't nobody who's as good at what I do  
(Like a verbal seduction, when)  
Cause one minute she loves you, the next she don't  
She's been stolen from you  
(Like a verbal seduction, when) Seduction, seduce  
Ain't nobody who's as good at what I do  
Cause one minute she loves you, the next she don't  
She's been stolen from you  
(Like a verbal seduction, when) She's sitting there getting liquored up at the bar  
She says it's quicker to count the things that ain't wrong with you  
Than to count the things that are  
There's a seven disc, CD changer in her car  
And I'm in every single slot, and you're not, aw  
I'm the logo on that Dallas Cowboy helmet, a star

And I'm not about to sick back and just keep rhyming one syllable, nah  
Switch it up and watch them haters not give it up, cause they're just not good enough  
But I'm not giving up til I get my respect, and I won't stop til I get enough  
Cause I'm not living up to my own expectations, aw  
That hater alarm is sounding off, and Obama took the bomb from my name, aw  
So quit crying that I took your dame, homie she's my dame, aw  
You sadly mistaken if you thinkin' that I'm not on my game boy  
And things just ain't been the same since the day that I came for it  
You wear your heart on your sleeve, I sport that white tank boy  
But you got a hard on for me, what you hollerin' my name for?  
It's your bitch on my dick, ain't my dang fault, man I can't call it Seduction, seduce  
Ain't nobody who's as good at what I do  
(Like a verbal seduction, when)  
Cause one minute she loves you, the next she don't  
She's been stolen from you  
(Like a verbal seduction, when) Seduction, seduce  
Ain't nobody who's as good at what I do  
Cause one minute she loves you, the next she don't  
She's been stolen from you  
(Like a verbal seduction, when) It's like we're playing lyrical tug of war with your ear  
You hear it, girl come here, put your ear up to the speaker  
Dear, while I freak this world premier  
Seducing her, loosin' up with a little freestyle  
Wait, am I losin' ya? Am I making you look bad?  
Well I got news for ya homie, you're losin' her  
Let her wait don am I losin' ya don't like when I spit it fast  
Am I tryna show how, let me slow it down some  
It's still gonna be a blowout  
You're gonna wanna throw out your whole album  
Rummage through the shit and try to salvage something  
To see if you can save any of it punk, but none of it's fuckin' with me  
Prick you really feeling that bullshit?  
You think you killing them syllables? quit playing  
These beats ain't nothing to fool with  
They call me fire Marshall, I shut the shit down  
Your entire arsenal is not enough to fuck with one round  
I am also the opposite of what you are like  
You're a microcosm of what the fuck I am on the mic  
I am awesome, and you are just awe-struck  
She's love-stricken, she's got her jaw stuck  
From sucking my dick, aw fuck Seduction, seduce  
Ain't nobody who's as good at what I do  
(Like a verbal seduction, when)  
Cause one minute she loves you, the next she don't  
She's been stolen from you

(Like a verbal seduction, when) Seduction, seduce  
Ain't nobody who's as good at what I do  
Cause one minute she loves you, the next she don't  
She's been stolen from you  
(Like a verbal seduction, when)
