

# The Fight

Sia

We are born, we are born  
We are born, we are born  
We are born, we are born  
We are born, we are bornWe are born, we are born  
We are born, we are born  
We are born, we are born  
We are born, we are bornWe are born  
Without a care  
As we grow old  
Become awareAs we grow tall  
Begin to falter  
We want to know ourselves  
Give love to allBut we falter, yes, we are human  
Yes, we anger, we feed the hunger  
Yes, we push through, just me and youWe made it through the darkness to the light  
Oh, how we fought yet still we won the fight  
Oh, yes, we stand togetherA fantasy for you and me  
Though beauty lies in reality  
No need to fear, the truth sets us free  
We're all looking for love and harmonyBut we falter and yes, we are flawed  
As we play victim with such conviction  
And we play bully, both you and meWe made it through the darkness to the light  
Oh, how we fought yet still we won the fight  
Oh, yes, we stand togetherTook it day by day, worried we would fail  
How we flailed and we wailed and we screamed in pain  
Take it step by step, we could not forget  
The wounds we felt, how we screamed for helpAnd the dark, dark nights when you held me tight  
And we'd wait for light to rescue us  
Oh, we were distressed, now we're nothing less  
We are strong, we are blessed, we are united, yeahWe made it through the darkness to the light  
Oh, how we fought yet still we won the fight  
Oh, yes, we stand togetherWe made it through the darkness to the light  
Oh, how we fought yet still we won the fight  
Oh, yes, we stand together
