

Best Thing You Ever Did

Stefanie Heinzmann

you were never worth my time
all you did was waste it
i knew that it had to end
but my heart just couldn't face it
i let you stay round
i don't know why
i should have thrown your ass out the door bout a hundred times you did me a favor
yes you did oh baby
i wanna show some gratitude to you cause the best thing you ever did for me
best thing you did was leave
best thing you did was walk out of my life
best thing you ever did best thing you'll ever do
and i wanna thank you you were never worth my love
why did i not see it
why did i not walk away
when i had so many reasons
i let you hang round
i don't know why
should have kicked your ass out the door bout a thousand times
you did me a favor
yes you did oh baby
i wanna show some gratitude to you cause the best thing you ever did for me
best thing you did was leave
best thing you did was walk out of my life
best thing you ever did best thing you'll ever do
and i wanna thank you thank you for finally being something right
thank you for letting go
letting me live my life you finally gave me what i need
that you for that
thank you baby cause the best thing you ever did for me
best thing you did was leave
best thing you did was walk out of my life
best thing you ever did best thing you'll ever do
and i wanna thank you
cause the best thing you ever did for me
best thing you did was leave
best thing you did was walk out of my life
best thing you ever did best thing you'll ever do
and i wanna thank you best thing you ever did

best thing you'll ever do
and i wanna thank you
