

Keep It Mello (Sikdope Remix) [feat. Omar Linx]

Marshmello

[Verse 1]

Woke up and just felt right
Phone blown like a tailpipe
Today's schedule air tight
I turn a short day into a long night
See you soon if you got the heart
Meet you outside reny park
Hurry up it it's gettin dark
We don't say too much
And that says a lot
Hoped into that old Benz
Drive through where that road ends
Good times with some old friends
I got just the thing if you so tense
Burn one lets go do some
She got me stoned as Medusa
Zoned out with a blank stare
I'm lookin' into the future[Pre-Hook]
Hold up ain't nothing gonna hold us
Put the devil to the side
Got an angel on my shoulder
And I'm like hello
It's good to finally let go
I ain't worried bout a thing
I just like to keep it mellow

[Hook]

Yea I like to keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello[Verse 2]

It's like 4 am and I'm bored again

When that 40 end

When that dream team all played out and they hit bench

I just step back lemme soak it in

I've Seen the ups and downs
So I get it now, I was born to win
It's my time bout time, my turn I can't lie
Waiting for that one spark
My one hope to catch fire
I'm fine , I'm high
Light rain through the sunshine
Tryin to man this old boat
I'm the captain now and it's crunch time
I don't care if I'm gettin paid
Need the week but I get the day
Wide awake when i need sleep
I'm knee deep but I set the way
Focused on that one mistake let it free don't let it break
Fuck it all, I'm turning in
My celly's off the great escape[Pre-Hook]
Hold up ain't nothing gonna hold us
Put the devil to the side
Got an angel on my shoulder
And I'm like hello
It's good to finally let go
I ain't worried bout a thing
I just like to keep it mellow[Hook]
Yea I like to keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello[Hook]
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
Everyday I keep it mello
I smoke and keep it mello
I drink and keep it mello
Everyday I keep it mello
