

Very First Time

Hedley

Oh oh oh, oh oh oh
You said, "I'm going"
I said, "don't lie"
It feels so lonely
At home at night
But if you go and I got the time
I hope you know it
You gotta try Thinking 'bout you
Thinking 'bout us
I think about all the things we take a chance on
Like love
Just like trust Just like every time you go away
I want nothing more than for you to stay
And baby I know you gotta go
And it's all okay
'Cause every time you go away It's like you're coming home to me
For the very very very first time
For the very first time
It's like you're coming home to me
For the very very very first time
For the very first time We'll do it right babe
We're doing fine
If you're going my way
Well I got the time, yeah Thinking 'bout you
Thinking 'bout us
I think about all the things we take a chance on
Like love
Just like trust Just like every time you go away
I want nothing more than for you to stay
And baby I know you gotta go
And it's all okay
'Cause every time you go away It's like you're coming home to me
For the very very very first time
For the very first time
It's like you're coming home to me
For the very very very first time
For the very first time Oh oh oh oh oh oh
Oh oh oh oh
Oh oh oh oh oh oh Thinking 'bout you

Thinking 'bout us
I think about all the things we take a chance on
Like love
Just like trust Just like every time you go away
I want nothing more than for you to stay
And baby I know you gotta go
And it's all okay
'Cause every time you go away It's like you're coming home to me
For the very very very first time
For the very first time
It's like you're coming home to me
For the very very very first time
For the very first time It's like you're coming home
For the very very very first time
For the very first time
It's like you're coming home
For the very very very first time
For the very first time
(Baby baby)
For the very very very first time
For the very first time
For the very very very first time
For the very first time
We'll do it right babe
We're doing fine
