

My God Is Risen

Jordan Howerton Band

I was alone and empty
The weight of guilt was on me
I was runnin'™ from the troubles behind me
I wasn'™t much worth saving
My great God has rescued my heart

I know my God is risen
He lives inside of me
No power of hell, no scheme of man
Can take that love from me

I was shown Grace and Mercy
My God came down and saved me
Never lookin'™ back my past won'™t define me
My broken life deemed worthy
My great God has rescued my heart

I know the one who made the stars
He gave me life and stole my heart
