

# All I Think About

## Yellow Mellow

I close my eyes  
I can tell you how it looks inside, my mind...  
i see the sun  
i feel like all the clouds are gone, so long  
A brand new start  
i learned for days in the dark  
My heart it's beating fast  
my life it's like a wild horse running, running  
I broke a part but i bought some glue...  
went south and got myself a new tattoo  
Tooked my guitar and wrote a song,  
but still...All i think about is you  
All i think about is you  
All i think about is you  
Sometimes i'm gone,  
and didn't if it's gonna to be long  
I'll be home...  
My love attracts  
just as bright as your eyes, your eyes...  
I broke a part but i bought some glue...  
went south and got myself a new tattoo  
Tooked my guitar and wrote a song,  
but still...All i think about is you  
All i think about is you  
All i think about is you  
(all i think about is...) All i think about is you  
(all i think about is...) All i think about is you  
I broke a part but i bought some glue...  
went south and got myself a new tattoo  
Tooked my guitar and wrote a song,  
but still...All i think about is you  
All i think about is you  
All i think about is you  
(all i think about is...) All i think about is you  
(all i think about is...) All i think about is you
