

Tell Me Why (feat. Al Jardine)

Brian Wilson

Kinda funny but mostly sad
Kinda good but mostly bad
I really miss that thing we had
Until you went away I think about the night we met
There's just some things you don't forget
I haven't heard from you again
Since you went away But now you're gone and I've gotta get on with my life
How many times do I have to explain?
How many nights 'til I see you again?
How many times can I sit here alone?
Is there a chance that you will ever come home?
Tell me why I think about that ocean view
And all the dreams I shared with you
I guess they won't be coming true
At least for you and me But now you're gone and I've gotta get on with my life
How many times do I have to explain?
How many nights 'til I see you again?
How many times can I sit here alone?
Is there a chance that you will ever come home?
Tell me why How many times do I have to explain?
How many nights 'til I see you again?
How many times can I sit here alone?
Is there a chance that you will ever come home? Tell me why
