

Rhodesia

The Rhodies

Oh Rhodesia, i really love you!

You're the heart land of Africa to me.

From Matopo to the Zambezi, from Umtali cross to Wankie and between.

I miss your jacaranda trees in Bulawayo, i think of how the purple blossoms lined the streets,

remember chirstmas bus going to Umtali, and the clay in Salisbury really was in need.

Oh Rhodesia i really love you, you're the heartland of African to me. From Matopo to the Zambezi, from
Umtali cross to Wankie and between.

The Kariba dam was something we we're really of,
your game reserves were filled with life and so were we.

Victoria Falls was your claim to the 7th wonder, and early morning in the bush still calls to me.

Oh Rhodesia, i really love you! You're the heart land of Africa to me. From Matopo to the Zambezi, from
Umtali cross to Wankie and between.

Ohh Rhodesia hear my heart beat, lonely distant drums of memory, your familys spread across the world but
they still love you, and they'll come back to vist you will see.

Oh Rhodesia, i really love you! You're the heart land of Africa to me. From Matopo to the Zambezi, from
Umtali cross to Wankie and between.

Oh Rhodesia i really love you, oh Rhodesia i really love you...
