

# I Love You You Big Dummy

## Magazine

You think I'm a lame duck  
I don't give a blue luck  
I'm living like crazy  
Driven to be lazy I blush like a tomato  
Pale as a chipped potato  
You're a real peach  
Just out of reach We're all cooking the same goose  
A recipe of fiction  
I stew in my own juice  
In another kitchen You think I'm a lame duck  
I don't give a blue luck  
I don't give two hoots  
You're too big for your bossy boots
