

Too Much of a Good Thing

Lloyd Cole

If it's good for me
And it's good for you
Won't you stay with me
And I will stay with you, baby Do you ever wonder
'Bout the way you move
You know what it does to me
You've got nothing to prove Do you ever think about
Your natural grace
And how it is that it came to you
Landed on your sweet face Ooh, ahh
Every day that I go without you baby is a rainy day
I'm gonna get up in the morning, I'm gonna work all day
If that's what it takes to be with you If it's good for me
And it's good for you
Won't you stay with me
And I will stay with you If it's good for me
And it's good for you
Won't you say to me
I want to stay with you, baby Do you ever think about
The way that you move me
You know what it does to me
You've got nothing to prove to me Do you ever think about
Your natural grace
And how it is that it came to you
Landed on your sweet face Ooh, ahh
Every day that I go without you baby is a rainy day
I'm gonna get up in the morning, I'm gonna work all day
If that's what it takes to be with you If it's good for me
And it's good for you
Won't you stay with me
And I will stay with you If it's good for me
And it's good for you
Won't you say to me
I want to stay with you, darling [Incomprehensible] Waking up is hard to do
Except when I'm lying next to you, baby If it's good for me
And it's good for you
Won't you stay with me
And I will stay with you If it's good for me
And it's good for you

Won't you say to me
I want to stay with you If it's good for me
And it's good for you
Won't you stay with me
And I will stay with you If it's good for me
And it's good for you
Won't you say to me
I want to, I want to stay with you Won't you stay with me
