

Sacred (Chris Cox Dub)

Erasure

We close our eyes and fantasize
To see what dreams will come alive
Our created energy runs through
When we connect our consciousness
Make our love the guiding light
And I am met in every part of you Never feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is all Sacred
Whoa, whoa, whoa
Sacred
Whoa, whoa, whoa We pray for love and deeper meaning
Holding our emotions in
But only keep us prisoners inside
We let our minds and hearts release us
Pure intentions sets us free
And there is nowhere left for us to hide Never feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is all Sacred like a thousand stars
Sacred when I'm in your arms
Oh you keep me safe from harm
Our love is all This is all we have in the end
All we have in the end Sacred
Whoa, whoa, whoa Never feel that you're alone
Hold on tight and I'll be strong
In spite of all the things we've done
Our love is all Sacred like a thousand stars
Sacred when I'm in your arms
Oh you keep me safe from harm
Our love is all Sacred
