

# What I Need

## Prince Paul

Yeah, uh huh, uh huh  
Circle, uh huh, uh huh  
T-Dot, uh huh, uh huh  
Kardinal, what it is though niggaz  
Yo check it  
(What I need)What I need is for niggaz to let me live  
(Man, chill)  
Deal with niggaz who's blood spill  
Empty a couple clips and they label niggaz assassinsFact, show them my life is worth more than a contract  
(What I need)  
What I need is for chickens to stop tricking, licking the kitten  
And hitting every rap nigga's hit  
(What I need)What I need is for people to love one God  
One hoe, one time  
Nigga, respect the rhyme  
(Word)Chew the way that I flex, it's next level shit  
Turn off the beats, I cross off the treble shit  
What I need is for money to match clothes  
Fifty dollars a word, million dollars a showBillion dollars a video, ten bucks a hoe  
Billion dollars a dozen, the Circle niggaz know  
(Yeah)  
One dollar per president, fifty cents a CEO  
Pay back but I still retake yoWe keep it hot when we up in the spot  
Every time when we on the grind  
Make it happen if you calling the shots  
Do you and I'm a handle mineMy 2-way and my cellular phone  
Be blowing up in a ridiculous way  
Sipping the game like I'm slanging the zone  
The Mary Jane or a nickle of lle, what I needWhat I need is a first-class ticket  
And a five star luxury suite so I can kick it  
(What I need)  
What I need is a fat ass podiumAnd my money up front when I'm packing a coliseum  
(What I need)  
What I need, regular rotation across the nation  
On every radio stationNow that you know nigga, what you gone do?  
And let me know so I can put the homies
