# Old Man

## A Telemetry

renaissance the revival
people reaching out toward the sun
is it different in my life
need to work hard get it done

why now I can see
to learn from the past
and seek a new history

old man - I got you trapped in a corner
old man - let me pick your brain
old man - I seek your wisdom
old man - is there still a chance

ignorance is denial
disposable hero creates a pun
nothing ventured nothing gained
no example neck is hung

why now look to pass
to learn from mistakes
and build that steady cast

old man - I got you trapped in a corner
old man - let me pick your brain
old man - I seek your wisdom
old man - is there still a chance

unraveled - your banished to fall
to lose the lion share
and beg to them all

old man - I got you trapped in a corner
old man - let me pick your brain
old man - I seek your wisdom
old man - is there still a chance
