Native Love (Step By Step)

Divine

Dance-ah feel the heat
Rock your body to the native beatStep by step
Slowly I turn
Step by step
Come onWell here I am, I got the beat
I'm gonna rock to the rhythm of the body heat
Come on now let's have big fun
Rock to the rhythm let's get undoneI've achieved my teenage dream
'Cuz love was on my mind
This native love is restless
And I'm just not satisfiedAnd I'll never get enough
Of that native loveStep by step
Slowly I turn
Step by step
Come onMy car is my Ferrari and my body's Jack LaLanne
My clothes are by Armani and my hair is by Elaine
Tiffany and Cartier are telling me the time
This native love is restless and I'm just not satisfiedAnd I'll never get enough
Of that native love
Dance ride feel the heat
Rock your body to the body heatWhat it looks like?
What it is?
Say pungra, jungra
Say damn to the thungraStep by step
Slowly I turn
Step by step
Come onThis native love is restless
And I'm just not satisfied
This native love is restless
And I'm just not satisfiedHey GQ man, here I stand
For everyone to see
And if I'm not your type, well that's alright
'Cuz that don't matter to meGot the rhythm and the rhyme
I'm right on time
I'm gonna blow your mind
This native love is restless
And I'm just not satisfiedStep by step
Slowly I turn
Step by step

Come on
