

# Broken Heroes (orchestral version)

## Saxon

They came to fight for glory in their thousands

Young men with their dreams

They died before the guns for their country

A book of faded pictures, broken dreamsWhere are they now

Where are they now

Where are they now

Where are they nowThe broken heroes Uncle Sam is waiting with the draft card

He says you've got to fight the Vietcong

The stations full of flags and rule Britannia

The engine pulls you out towards the SommeWhere are they now

Where are they now

Where are they now

Where are they nowThe broken heroes

The broken heroes

The broken heroes

The broken heroesWhere are they now

Where are they now

Where are they nowThe broken heroes The pipes are calling young men back to Belfast

The general says you march to Stalingrad

You rode into the valley with the hundred

Seven lonely graves on Goose GreenWhere are they now

Where are they now

Where are they now

Where are they nowThe broken heroes

The broken heroes

The broken heroes

Where are they now
