My Dimension

Pirate Soundsystem

Eyes of stone
Eyes of ice are
Watching me
Their glimpsing light
Comes in my sleep
Chained in a dream
From the ancient deeps
Darkest paths
Mindtravelling the
Eyes of stoneEyes of ice are
Haunting me
Their burning light
Awaken from a dream
But still I'm in
Comes in the nightDarkest paths
Mindtravelling the
Come with me
I promise you
I promise you
The darkest desires
Come with me
A dimension that's higherFollow me through the
Unending
On a path where crystals
Night and day are same
Breathe and
Enter to a grimmer dark
For us to beEyes of stone
Eyes of ice are
Watching me
Comes in my dream
Their glimpsing light
From the ancient deeps
Chained in a dream
Mindtravelling the
Darkest paths
