

Who's Been Talking?

Clutch

My baby caught the train
Left me all alone
My baby caught the train
Left me all alone
She know I love her
She done me wrongMy baby bought the ticket
Long as her right arm
My baby bought the ticket
Long as my right arm
She say she gonna ride long
As I been from homeWhos been talking everything that I do?
Whos been talking everything that I do?
Well, you my baby, I hate to lose
Goodbye baby, hate to see you go
Goodbye baby, hate to see you goYou know I love you
Im the causing of it all
