

You Should've Killed Me When You Had the Chance

A Day to Remember

So i say goodbye to a town, that has ears and eyes.
I hear you whispering as I walk by.(as I walk by)
Familiar faces smiling back at me.
And I knew this would make them change.(make them change)

The only thing thats going to bother me
is that you'll all call yourselves my friends.

Why cant you look me in the eyes one last time?

The writings on the walls youve read that ill be gone
but if you call my name just know that ill come running.
For one more night to spend with you ,
this is where im meant to be, please dont leave me.

Ive read these stories a thousand times and now Ill rewrite them all
your meddling in an anger you cant control
she means the world to me so hold your serpent tongue
is a whores lies worth dying for? ill just take my time

The only thing thats going to bother me,
is that youll all call yourselves my friends.

Why cant you look me in the eyes one last time?

The writings on the walls youve read that ill be gone but
if you call my name just know that ill come running.
For one more night to spend with you
this is where im meant to be please dont leave me.

I walked into your house this morning
I brought the gun from our endtable
your blood was strwen across the walls.
Theyll find you on your bathroom floor.

I walked into your house this morning
I brought the gun from our endtable
your blood was strewn across the walls.

theyll find you on your bathroom floor when im done.

but should I write it all off?

but should I write it all off?

you should of killed me when you had the chance(but should I write it all off?)

you should of killed me when you had the chance(but should I?)

you should of killed me when you had the chance

you should of killed me when you had the chance
