

# Wheels

## Restless Heart

Some people are born to live alone  
And go about life that way  
Their home is a long stretch of blacktop  
And everyday is just another day  
They like movin' and stayin' on the run  
And tryin' to make the world stand still  
White lines and city limit signs  
And life is like an automobile  
Rollin' down the highway what a fine time  
That's the only way to feel  
Wheels  
Stay under me  
Stay under me  
Wheels  
Stay under me  
Stay under me  
It's a freedom that we all wanna know  
It's an obsession to some  
To keep the world in your rear view mirror  
While you try to run down the sun  
It's the knowin' when you get to where you're goin'  
You're never there against your will  
White lines and city limit signs  
And life is like an automobile  
Rollin' down the highway what a fine time  
That's the only way to feel  
Wheels  
Stay under me  
Stay under me  
Wheels  
Stay under me  
Stay under me  
Wheels  
I love to feel you turn  
I love to feel you under me  
Wheels turn around  
Round like Geronimo  
It's a code for livin' on the road  
Try to make the world stand still  
Rollin' down the highway  
Rollin' down the highway, oh  
Wheels  
Stay under me  
Stay under me  
Wheels  
Stay under me  
Stay under me  
Wheels  
I love to feel you turn  
I love to feel you under me  
Wheels

Stay under me  
Stay under me  
Wheels  
Stay under me  
Stay under me
