# Pouring Rain

## Maysa

Pouring Rain
I really want the sun to shine, all over me
I can feel the pouring rain
I can feel the pouring rain
I really want sunshine
There are sometimes in life
when you feel like you're never gonna win the days and nights
move right alone nothing ever changes or rearranges you try to convince
yourself one day everything will be alright it's alright
but it's so disappointing when you wake
up to the same old fight.
Verse
I can feel the pouring rain
it's raining all over my face
though i'm grateful for the clouds I really want sunshine
I can feel the pouring rain it's raning all over my face although
I grateful for the clouds I really want sunshine
We have just got to keep the faith never give up never give in but when you don't know what to do maybe it's
time to change your point of view.I can feel the pouring rain
it's raining all over my face
though I'm grateful for the clouds I really want sunshine
I can feel the pouring rain it's raining all over my face
although
I grateful for the clouds I really want sunshine
Hearts meet the light of the sun to share love
with everyone we all have we all have clouds in our life but there's
a rainbow deep down inside positive mind will see you though hold on to your faith
that's all you do don't you know your change is coming it's a part of life you'll
everything is going to be alrightI can feel the pouring rain
it's raining all over my face
though I'm grateful for the clouds I really want sunshine
I can feel the pouring rain it's raining all over my face although
I grateful for the clouds I really want sunshine
