

Countin' Cars

David Nail

Almost midnight
Another one drives by
Sounds like a V8
Listen to it fade away
It ain't her that's for sure
Just another night of Chorus:
Watchin' headlights all night
Movin' 'cross the ceiling, prayin'
Slow down, turn now
I wish I was sleepin'
Instead of wonderin' where you are
Wide awake, countin' cars
There's nothin' like the sound
Of her wheels rollin' down
This old gravel driveway
Like she's done everyday
Comin' home girl, come on
I'm here goin' crazy
Repeat Chorus
I wonder if she's drivin' by
Goin' 'round and 'round in circles
Wide awake
Repeat Chorus
Oh, countin' cars
Countin' cars
