# How Do I Feel

## Hoku

I was free when we met, you were eating a burrito
With a girl some brunette at El Torosco's
Then you smiled like you knew that Sunday we'd be together
And together we were for a while
How do I feel ever since I walked away from you
I miss you for real everyday of my life
How do I feel now that it's over
For the thing that I miss the most, is missing you
I was lost for a while every place brought back a memory
Of a kiss or a smile that you gave me
Mow it's changed well I guess
More and more I miss you less and less
Sometimes it's hard to let you go
How do I feel ever since I walked away from you
I miss you for real everyday of my life

How do I feel now that it's over
For the thing that I miss the most, is missing you
Sometimes you get trapped in a time of your life
But you know it gets a little easier over time
How do I feel now that it's over
For the thing that I miss the most
I miss the moody walks in the rain
I miss the poetry, I miss the days
I miss the sad songs I used to play
For the one thing I miss the most
How do I feel, I'm missing for real
How do I feel now that it's over
For the thing that I miss the most, is missing you
