

You Are

Landry Cantrell

Am i just blowing in the wind,
i cant seem to place my footing, i just keep sinking in
the waves are drowning out the sound of the voice that's calling me
so you reach down and say to me

You are the one who calms the raging sea,
You are the one who came and rescued me,
And I'm safe because of who you are,
You are (5x)
and because of you i am..

This condemnation on my chest is choking out of me, my very last breath
you gazed right through me with those eyes, straight to my heart
and sent me straight to paradise

You saw what they couldn't see in me
You saw ?
and I'm safe because of who you are
You are (5x)
and because of you i am..

You are everything that i need
You are love grace and mercy
You are and that's why i worship you i worship you (3x)

You are (5x)
and because of you i am.. (2x)
