

Already Gone

Sleeping At Last

[Verse One]

Remember all the things we wanted
Now all our memories, they're haunted
We were always meant to say goodbye Even with our fists held high
It never would have worked out right
We were never meant for do or die [Interlude]

I didn't want us to burn out

I didn't come here to hurt you now

I can't stop [Chorus]

I want you to know that it doesn't matter
Where we take this road, but someone's gotta go
And I want you to know, you couldn't have loved me better
But I want you to move on, so I'm already gone [Verse Two]

Looking at you makes it harder

But I know that you'll find another

That doesn't always make you wanna cry

It started with a perfect kiss then we could feel the poison set in

Perfect couldn't keep this love alive

You know that I love you so, I love you enough to let you go [Chorus]

I want you to know that it doesn't matter

Where we take this road, but someone's gotta go

And I want you to know, you couldn't have loved me better

But I want you to move on, so I'm already gone So I'm already gone [Verse Three]

Remember all the things we wanted

Now all our memories, they're haunted

We were always meant to say goodbye [Chorus]

I want you to know that it doesn't matter

Where we take this road, but someone's gotta go

And I want you to know, you couldn't have loved me better

But I want you to move on, so I'm already gone I'm already gone [Outro]

Remember all the things we wanted

Now all our memories, they're haunted

We were always meant to say goodbye
