Right Here (Andy C Remix) [feat. Foxes]

Rudimental

In your mind then you realize you're on your own
I know the feelings inside you start to growPlease tell me that it's alright, alright, alright
I wanna know
Please tell me that it's alright, alright, alright
I wanna know
Please tell me, tell me'Cause everybody's got something
Something they can't hide
Let it out into the open
Right here, right now'Cause everybody's got something
Something they can't hide
Let it out into the open
Right here, right nowOh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh ohWhen you turn up the light and you're all alone
Cold as the shapes and the shadow's gonePlease tell me that it's alright, alright, alright
Tell me that it's alright, alright, alright
I wanna know
Please tell me, tell me"Cause everybody's got something
Something they can't hide
Let it out into the open
Right here, right now'Cause everybody's got something
Something they can't hide
Let it out into the open
Right here, right nowOh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
(Everybody clap your hands now)
Oh oh oh oh
Oh oh oh oh
(Everybody clap your hands oh oh oh oh)
Oh oh oh oh'Cause everybody's got something
Something they can't hide
Let it out into the open
Right here, right now'Cause everybody's got something
Something they can't hide
Let it out into the open

Right here, right nowOh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
