Moonshine

Phrenia

Only the silence listens,
The rain calms me down.
But I can't hold my tears back.

No one could wash away the storm
What youâ€™ve left in me when we walked
the way of our hearts.

I remember how you taught me how to fly,
And taught me how to reach the sky,
Tell me where you are, so I can find the way.

I can't see your light, you're so far from me,
Two universes and a million miles,
... do you hear me screamin'?

Follow my lead, so I can show you my heart,
Our time is short - we must go on,
'cause our life is just a fight before we die.

You taught me how to fly,
And taught me how to reach the sky,
Tell me where you are, so I can find the way.

We pretend we are perfect, but inside we are broken,
The storm in you pushes me away, and it makes me wanna leave.
We pretend we are perfect, but inside we are broken,
The storm in you pushes me away, but I can't let you go.

You taught me how to fly,
And taught me how to reach the sky,
(Tell me please, tell me please...)
You taught me how to fly,
And taught me how to reach the sky,
Tell me where you are, so I can find the way.
