

Boo Boo Goo Goo (<http://dainos.110mb.com>)

Caesars

Some people got no style
I guess you've fooled them for a while
But now you're running out of luck, my friend You need to know what you're doing
And exactly who you're fooling
Or it hits you right back in the head All that tough talk
You'll have to eat those words in the end
Watch your step, kid
You might just need those legs again There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars You know it wasn't exactly pretty
The way it all hit me
Like a lift hook right in the eye You and your affair with the friends
It's all fake and pretend
You're just a four-faced chic in a hide All that tough talk
You'll have to eat those words in the end
Watch your step, kid
You might just need those legs again There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars You gotta keep it well hidden
What you did and what you didn't
Or it comes back like a bad surprise You need to know who you're kidding
And exactly where you fit in
Better keep track of all your lies There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars There you go again, a phony to the end
But you're not gonna get that far
Climbing those monkey bars
