

Osculum Obscenum

Mystifier

in amazing and cold nightfall
among megalithic monuments
a neophyte is initiated in pagan religion
the ritual of initiation of the novice
to become member of the satanic cult
it will be made by a highpriestess
he'll be conceived in the coven
he shall deny his baptism
and the creator of the earth and heaven
an obedient kiss in satan's anus
it will be his real proof of fidelity
to the old followers of the satanic cult
the highpriestess calls the gods
from north, south, east and west
to present themselves in the ceremony
now she puts a bandage in the eyes
of the novice and moors his hands to back
and together enter in the diabolical circle
he promises obedience at the cult for all his life
the highpriestess presents the neophyte
to the prince of darkness
but an obedient kiss in satan's anus
it will be his real proof of fidelity
to the old followers of the satanic cult
the oath
i deny jehovah and all other religions
i offend, blaspheme and provoke them with all my disgust
i have faith at the demon
my devotion and offer my sacrifice for him
i solemnly vote and promise all my descent to the devil
i swear at the demon provoke so much insanity
around the world as much as possible
i swear in devil's name never reveal the black arts
and if i break this oath
i want that all my power come against myself
osculum obscenum
after the devilish oath
he practices the osculum obscenum
and choose a maiden

to delight her at sabbath
