As Life Flows By

Green Carnation

[Music: Tchort, Lyrics: Tchort & Kjetil N]Cross my heart and hope to die
With only seconds away before I...
It felt so good when I hit the ground
Come with me; join me on the other sideAnd life flows by
It hits me when I hit the ground
And life flows by
I am feeling lonely, fading slowly
And life flows byIf tomorrow never see the light
If I never get to say goodbye
It doesn't mean that I don't care
Come with me, and I will take you thereAnd life flows by
It hits me when I hit the ground
And life flows by
I am feeling lonely, fading slowly
And life flows by
I am feeling lonely, fading slowly
OutWhen passion burns no more
When your friends are all gone
When laughter is heard no more
I am the fool who turned awayAnd life flows by
It hits me when I hit the ground
And life flows by
I am feeling lonely, fading slowly
And life flows by
I am feeling lonely, fading slowly
Out
