

# Always On My Mind

AdelÃ©

I'm really sorry about the things that I said  
I'm kind of jealous and a little bit unlucky in love  
I know you hate it when I mess with your head  
It's just that now and then you get a little cocky you know

You are breaking up, where to go?  
You talk like you know, know it all  
You call me up like hello

But you should know baby  
You are always on my mind  
Baby you are always on my mind  
Baby you get all my, all my time  
Baby you are always on my mind

I'm used to missing out on all the good guys  
See baby patience isn't one of my virtues  
Oh  
It's always way too late when I realize  
But from now on baby I am never going to hurt you

You are breaking up, where to go?  
You talk like you know, know it all  
You call me up like hello

But you should know baby  
You are always on my mind  
Baby you are always on my mind  
Baby you get all my, all my time  
Baby you are always on my mind

Oh...  
Oh...  
Oh...
