God Gave Me Back

Scott Michael Bennett

God Gave Me Back
There are voices on the road of life
And I have made choices
That I know werenâ€™t right
And they brought me to my knees
At the end of a lonely street
And I am standing here today
I want to say

God gave me back my tomorrow
When I threw tomorrow away
He took this life
Full of sorrow
And suddenly everything changed
The moment it happened
It was the moment I knew
It was like walking in the darkness
When the light comes shining through
I said that God gave me back tomorrow

When you're struggling
With the guilt and shame
You traded your tomorrows
And all you got to show for it
Was heartache and pain
And it's brought you to your knees
At the end of a lonely street
He is standing here today
And Heâ€™ll help you say

CHORUS (repeat)

The moment it happened
It was the moment I knew
It was like walking in the darkness
When the light comes shining through
I said that God gave me back tomorrow
