Spaghetti

[Emblem3](#)

I donâ€™t need to be impressive, I donâ€™t need to run the game
I donâ€™t want to keep on chasing, maybe I'll just go my way

Ayeee ee ayee ee everythingâ€™s gonna be alright, alright

I donâ€™t need no bumpin music, all I need is my guitar
I donâ€™t need no late night cruisin, I donâ€™t even got a car

Like ayeee ee ayee ee everythingâ€™s gonna be alright, alright

I wanna lay low, not just 'cause Iâ€™m broke
I wanna stay home and have a kick back, tonight.
Sorry not sorry, am I (I, I)

Letâ€™s ditch the party and call everybody
And weâ€™ll make spaghetti and itâ€™d be all ready
Ayeee ee ayee ee everythingâ€™s gonna be alright, alright
So donâ€™t fear tomorrow, let that be the motto
And just pass the bottle and weâ€™ll make it hotter
Like ayeee ee ayee ee everythingâ€™s gonna be alright, alright tonight

I donâ€™t need no debby downer, I just wanna keep my buzz
I donâ€™t wanna no melodrama, I donâ€™t gotta trip because

Ayeee ee ayee ee everythingâ€™s gonna be alright, alright

I wanna lay low, not just 'cause Iâ€™m broke
I wanna stay home and have a kick back, tonight.
Sorry not sorry, am I (I, I)

Letâ€™s ditch the party and call everybody
And weâ€™ll make spaghetti and itâ€™d be all ready
Ayeee ee ayee ee everythingâ€™s gonna be alright, alright
So donâ€™t fear tomorrow, let that be the motto
And just pass the bottle and weâ€™ll make it hotter
Like ayeee ee ayee ee everythingâ€™s gonna be alright, alright tonight

Aye aye, alright, everythingâ€™s gonna be alright
Aye aye, alright, everythingâ€™s gonna be alright
Aye aye, alright, everythingâ€™s gonna be alright

Aye aye, alright, everything's gonna be alright

Let's ditch the party and call everybody
And we'll make spaghetti and it'd be all ready
Ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hotter
Like ayeee ee ayee ee everything's gonna be alright, alright tonight

Let's ditch the party and call everybody
And we'll make spaghetti and it'd be all ready
Ayeee ee ayee ee everything's gonna be alright, alright
