

# Slowly, Slowly

## The Mowgli's

Advisory - the following lyrics contain explicit language:

Slowly, slowly  
We become the secrets that we keep.  
Yea, it's only you.  
It's only me.  
It's only love and it's only fair  
That you find your peace.  
Yea, it's only you.  
It's only me.  
It's only love and it's only fair  
That you find your peace.  
My head  
My spirit's end,  
Could do this whole damn world right in.  
And i'll turn green  
Like lover's greed  
And you'll get high  
Off of loving me  
And then you'll finally see.  
I hope you finally see..  
That it's only you.  
It's only me.  
It's only love  
As far as distance allows me.  
Yea it's only you.  
It's only me.  
Lonely love  
As long as I can hear you sing.  
And now i'm hearing you sing.Oh  
Slowly, slowly (slowly, slowly we)  
Slowly, slowly (slowly, slowly we)  
Slowly, slowly (slowly, slowly we)  
Slowly, slowly

We become the secrets that we keep  
Yeah it's only you it's only me  
It's only love and it's only fair that you find your peace
