## April Wine

Written by: david henman

Better take it slow  
Feel the shadows flow  
You've been watchin' her for oh so long  
And it shows

Better take it slow  
Feel the shadows flow  
You've been watchin' her for oh so long  
And it shows

When you reach the ?  
When you see the ?  
Let her lead the way  
She will reach for you  
She will teach you love  
She will touch your mind
