Boat Yard

Joss Stone

Mmhhmm

hmmmI'll never see the clouds fall on you, Baby tell me how is it what you do

When the sun shines thru the rainbow

I know the truth

Baby you my life I'll wait for youAt the boat yard we've been waiting

to the coast guard we've been waving

hoping that the rumors aren't true

I hope you come true

and I'll never lose youI'll never see the clouds fall on you,

Baby tell me how is it what you do

When the sun shines through the rainbow

I know the truth

Know that all my life I'll wait for youSharp winds are cold and slaving

No matter how long I'm saving

Knowing trusting and praying

I know you'll come through

And I'll never lose youI never see the clouds follow you

Baby tell me how is it what you do

When the sun shines thru the rainbow

I know it's true

Baby your my life

I will wait for youuhhhh

mhmm

Will you come through

will you be true

God I miss you

I see your face

In this empty space

I'm never leaving

Never leaving this spaceOOOhhhhhh

yeahhhhI'll never see the clouds fall on you

So baby tell me how is it what you do

When the sun shines through the rainbow

I'll know the truth and baby your my life

I will wait for youI will wait for you

I've never seen the clouds fall

On you baby

Oh now baby would you tell me how

Would you tell me how
Yeahooohhh
Say I'll never see the clouds fall on you
They never fall on you (3x)
Baby it's what you do
Is it how you move, Come on babe
I'll never see the clouds fall on you
