

# Real world

## Arthur Harrisson & Rupert Chapelle

Last night I dreamt you were lying beside me  
I smelt the sweetness of your hair  
You gently reached out to remind me  
Of how it used to be  
And I almost believed that this morning I'd find you still there  
Chorus:  
But here in the real world  
I miss you madly  
In the real world  
I'm coping badly with losing you  
What am I to do  
Here in the real world  
Without you

Last night I dreamt of a different ending  
Everything just seemed to work out somehow  
I saw that someday I could smile again without pretending  
I was so sure I'd wake up and I wouldn't need you right now  
(Chorus)  
Friends tell me I must not look back  
There are silver rails just ahead on the track  
And my stars say I'm getting over the fact that you're gone  
(Chorus)  
I'm here in the real world  
Without
