

Rising Up From The Ashes

The Living End

Just when you thought
That you had it all worked out
You will be the last one
To figure it out
Then you will see
That in order to be free
We just don't wanna fake it
Anymore
It doesn't seem to add up
And nothing seems to matter
You've outgrown all the anger
You know that it's not the answer
Rising up from the ashes
You know we never meant to burn
Rising up from the ashes
We don't wanna answer
To a mixed up generation
There'll only be separating
And if we burn, then what have we learned
