

# Christmas Ain't Christmas

## Smash Mouth

Christmas just ain't Christmas without the ones you love  
New Year's just ain't New Year's without the ones you love  
Underneath the mistletoe, I saw a face all a glow  
Last year this time  
An' now I stand all alone and my house is not a home  
Without that girl of mine, oh  
Christmas just ain't Christmas without the ones you love  
New Year's just ain't New Year's without the ones you love  
12 o'clock and all is well and I was doing, oh so  
swell  
Last year this time  
Going shoppin' for presents together  
Would make it last to leave each other, but never  
It was a waste of time, oh  
Christmas just ain't Christmas without the ones you love  
New Year's just ain't New Year's without the ones you love  
Christmas just ain't Christmas without the one you  
love  
New Year's just ain't New Year's without the one you love  
Christmas just ain't Christmas without the ones you love  
New Year's just ain't New Year's without the one you love  
Christmas just ain't Christmas without the one you  
love  
New Year's just ain't New Year's without the one you love
