Stranger

U.D.O.

Don't spend your life like a dime
I thought you are not for hire
Stand for your rights - don't look at the past
I don't know - I don't care - my brain's
spinning 'round like a wheel

Don't feel like a stranger
Don't feel like a stranger

So turn around leave your feelings behind
Just calm down keep the devil inside
It's like a stone lying in your head
You never know - this time it could be real

And then you'll realize
Maybe you're wrong this time
Do something in your life
And then it'll work out

Don't feel like a stranger
Everything can be real
Don't feel like a stranger
Move on like a wheel

So you don't know - what is the reason
It's up to you to sell your life so easy
I thought you were learning from the past
Can't you feel deep inside when you're breaking the chains

And then you'll realize
Maybe you're wrong this time
Do something in your life
And then it'll work out

Don't feel like a stranger
Everything can be real
Don't you know you're in danger
Move on like a wheel

And when it works out

Don't turn around
Something is in your heart
So let it free - oh yeah

Oh yeah
Don't feel like a stranger
Listen to me - everything can be real
Don't feel like a stranger
Move on like a wheel

Don't feel like a stranger
Everything can be so real
Don't you know you're in danger
Move on like a wheel

Don't feel like a stranger...
