Watch Yourself

B.B. King

Yes the people are talkin all over town
They say you dont love me you gonna put me down
You better watch yourself baby, you better watch yourself
You better watch yourself woman, 'cause I got my eyes on youNow you tell me whats the matter, what you gonna do
First you say you love me now you say were through
You better watch yourself baby, watch yourself
You better watch yourself woman, 'cause I got my eyes on youI gave you my money, everything too
A big fat house now baby what you gonna do
You better watch yourself, you better watch yourself
You better watch yourself woman, 'cause I got my eyes on youNow youre gonna leave me, leave me here to cry
Now you know I love you, youre my whole hearts desire
You better watch yourself baby, you better watch yourself
You better watch yourself woman, 'cause I got my eyes on youYes, yes, yes baby, yes, yes baby, yes, yes baby, yes, yes baby
You better, you better watch yourself woman, you better watch yourself
You better watch yourself baby, 'cause I got my eyes on you
