

Naked (Remastered 2013)

Dark Side Cowboys

In your window
In midnight hours
You open up wide
Move across the floor
Still nothing inside
You reveal your skin (slow)
expose your flesh (dirty)
You drop your coat and
Your silhouette cast a hand for light
What if you're exploiting (come with me)
Domains beyond your reach
I tell you stand back or it will surround you
Watch him humiliated
Behold the way they seem
The corruption will lead astray
Satisfied to be neglected
All to keep her love
Your still unconscious and beautiful (who, me?)
But naked and wounarable
you say you'd like to know me (ooh)
Split visions, I wouldn't want to hurt you
By bringing you inside
Oh no, it's cold ice-conditions
I stand strong and unaffected as a result of their narrative art
Don't lower your defence
See through the image
Unless you want to be their prey
Promises will be broken
When you've reached too close
Promises will be broken
And illusions built
In your window (don't turn)
An aesthetic experience
I'll await the course of events (tell me)
I hope you'll stay inside
I'll keep your soul unbreakable
Believe me you don't want to be here with me
I'd like to come inside (shhh)
I'd like to...

And the history repeating
Why am I afraid to hurt you
Well, it's not me, it's the presence of my memories that scare me
All cause I...
Watched him humiliated
Beheld the way they seem
The corruption did lead astray
He was satisfied to be neglected
All to keep her love
